2. FOCUS NUMBERS (intra-day Position trading)

Sell levels	Buying levels
1210.50 (First Sell#)	1198 (First Buy #)
1214.75 (Second Sell#)	1193 (second Buy #)

Trading rules for intra-day position trading:

- **Dual number** could be used for long position when price trades above it. Also it could be used for short position when price trades below it. Inexperienced traders should not trade this number.
- For intra-day position traders, you have the potential to capture a big move if you are trading in the right direction. If you get stopped out two times in one direction, especially during a strong trend day. **STOP** trading for rest of the day.
- If you are a scalping trader, **DON'T** hold your position too long if you trading against the direction of a strong trend.
- If you are in right direction of the market movement, you can hold your position until price hit opposite major resistance or support level target.
