Nat records her calls during the trading session as they are made — the time, direction, and entry and exit price. At the end of the session she summarizes the outcome of each call and posts the results. The purpose is to summarize Nat's calls in a way that allows members to compare them to their own trades. The daily review is not a track record of Nat's calls. Nat trades her own calls profitably in her personal account, but the daily review is not a record of those trades. She does not post her personal trades.
